

WINTER 2024

B.R.A.V.E. Quarterly

Dear Crusaders,

We are definitely sailing along on a "Wonderful Adventure with Christ" (ST. JP II), and I can't believe we are halfway through the 2023-2024 school year! What an adventure it is! We've welcomed our new teachers and have witnessed them falling into our school routines and community.

Our sports teams are up and running with a successful volleyball season and now an exciting basketball season. We are so happy to welcome back our Crusader Cheerleaders under the direction of Caitlyn Lindaberry and Michele Bailey. What a joy to watch our cheerleaders and basketball players! We look forward to the Diocesan Youth Basketball Tournament in February in Greenville, SC. Next up is a spring of golf and soccer with our athletes. Our 8th grade students are working hard to raise money for their end-of-year trip. They are deciding where to attend school after their St. Andrew graduation. Our students and teachers alike are all using the gift of prudence as we make future plans for all of our success!

Our teachers and staff are already planning for the next school year. Our curriculum committee is reviewing reading and writing programs for next year, and we are working hard toward STEM certification. Deacon Bowen is reviewing materials for religion classes next year, and a team of Diocesan teachers will review and revise the Science standards this summer.

We look forward to enrollment and welcoming returning students back while opening our doors to new students. Please invite your friends to come visit! We love to say, "Come as a visitor, leave as a friend!"

Thank you for your support and continuing to work with your child's teachers for their spiritual growth and academic success. Your children are truly "known and loved" here at St. Andrew!

May God Bless us all,

Debbie Wilfong

VIRTUE=STRENGTH *Cross Carrying Ceremony*

Our students become aware of the burdens others carry by praying for others while carrying a cross through the school. We recognize suffering is a part of life, and we need faith to get us through those times, which draws us closer to God.

Parent Testimonial:

"We started St. Andrew this year (2023) and it is a breath of fresh air. The school has all of the latest technology, an administration who is committed to the success of the school, and a teaching staff that is extremely talented! Our daughter is challenged each day. We especially love that the school goes to 8th grade, providing consistency. We are Catholic, and having a school that allows our daughter to live out her faith is truly important for us. Even if you are not Catholic, this school is a great choice (there are several families that are not Catholic in the school).

Whether your child is in elementary school, or middle school, this school is a wonderful choice!"
